

AVINASH M V

B.E COMPUTER SCIENCE AND ENGINEERING

PROFESSIONAL PROFILE

Looking for a challenging career in the field of computer science which provides me a platform to present my theoretical and practical knowledge and develop my experimental and research skills and extend myself to higher work in the field of my technical interests.

EDUCATION

B.E COMPUTER SCIENCE AND ENGINEERING

M. Kumarasamy College of Engineering
CGPA - 7.011 (Till 4th Semester) 2021 - 2025

HIGHER SECONDARY EDUCATION

Jairam Matric HR SEC School 2020 - 2021
Percentage - 83%

SECONDARY EDUCATION

Jairam Matric HR SEC School 2018 - 2019
Percentage - 76%

PROJECTS

GREEN HOUSE MONITORING AND CONTROL SYSTEM

This project is based on human less maintenance of agriculture. In this the moisture of the soil, temperature and light intensity of the place will maintained automatically. The unpredicted changes in weather can destroy the crops.

PHARMACY MANAGEMENT

The pharmacy management system is intended to increase accuracy, safety, and efficiency in the pharmacy. It is a computer-based system that stores information and makes medical stores run better. Pharmacists can use the Pharmacy Management System program to help them methodically manage their pharmacies.

SHOPAHOLIC TRENDS USING AR

minimize the time at shopping Every time people at shop would take the product out of the rack and check the details of the specific product. which would be absolute time consuming and some of the people finds irritating. which we implement AR camera which the data of every product will be loaded. Users can just simply open our app and scan the product where the details will display in the way of AR.
